|-----------------|---|
| MEMORANDUM FOR: | Director of Pata Processing |
| FROM: | |
| A KOM . | Deputy Director for Processing |
| | to your bireduct but brooks in |
| SUBJECT: | Delta Pata Acquisition Strategy |
| | |
| | |
| | |
| 1. As you | know, there are two rending Delta Data contract |
| activities. Th | ne first concerns amending the current contract to |
| | and 8365 on the list of items that can be ordered |
| | act. The second is a contract renewal to extend the |
| | act for an estimated two years beyond the current |
| | oruary 1984. The Contract Feview Board requested a |
| | ior to extending the contract at the time of their |
| | al. The two-year extension is to cover the period of |
| development of | the next generation work station device. |
| 2 31+1 | Q/2000 (07 /) - 1 |
| | igh we explained to C/ADP&F/PD/OL, that inctionally identical to the 7260, and that the |
| | eact action to add it and the 8365, was to reduce the |
| | elta Pata terminal and to modify its physical |
| | I felt that a CRE review was indicated. At this |
| | ould request the Poard to approve an 18-month |
| | ne contract with an option for an additional year of |
| | Te explained to Fred that this was not without risk as |
| | o issues together (8260 acquisition and the contract |
| | still feels it is necessary so and |
| | will be at the CRB scheduled for 6 September to |
| | prosed procurement action and its relation to a new |
| | next deneration workstation) which the 8260 is not. |
| | will draw upon the next generation |
| work station di | |
